

STRUCTURED SPILL CONTAINMENT SOLUTIONS

The EPA can impose fines up to

\$25,000 PER
DAY

and 1-year of imprisonment for negligent discharge of pollutants into U.S. waters under the Clean Water Act.¹

Spill Prevention Control and Countermeasures (SPCC) regulations mandate secondary containment for containers over 55 gallons at sites with above-ground oil storage exceeding

1,320
GALLONS²

Spill containment solutions improve safety programs by limiting exposure to hazardous materials and keeping personnel safe from spills and falls, which average

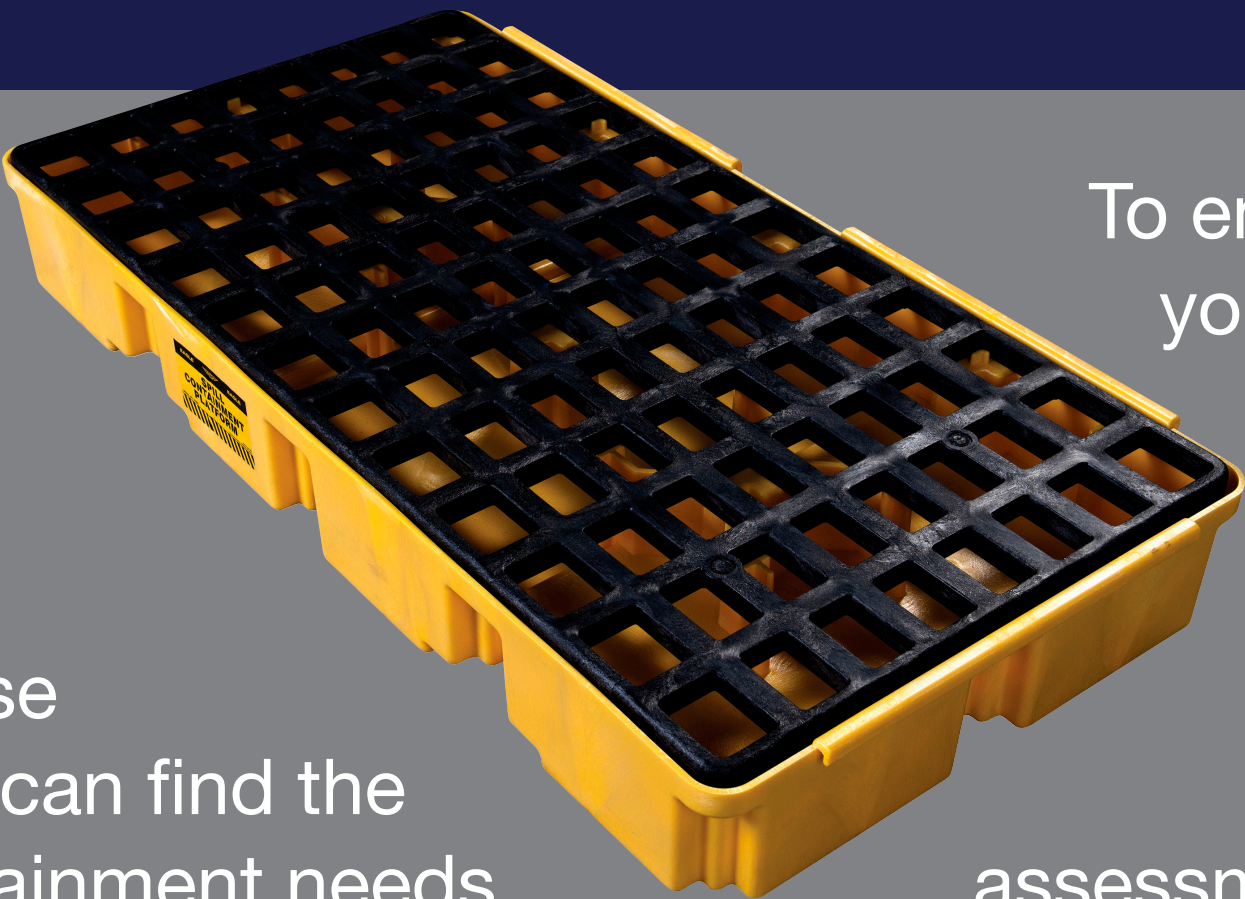

\$49,971
PER INCIDENT³

Eagle spill containment products offer exceptional durability and chemical resistance, ensuring compliance and reliable protection against leaks and spills in industrial settings.
